Dates:

March 28th - April 3rd, 2022

Location:

De Wierschuur retreat center, Hippolytushoef, Netherlands

Special note:

Enrollment is limited and by permission only.

Preparation

You must have practiced with Max before in a breathing workshop or retreat. If you haven't, you can fulfil the requirement by practicing with his Learn to Breathe video regularly for two weeks prior to the commencement of the training. This video (\$4.99 USD) can be purchased and downloaded from his website store: <http://maxstrom.com/store>. Alternatively, you can download and work with Max's App, Strategic Breathing, and practice with it for 30 minutes daily for at least two weeks prior to the training. Enter the course with curiosity and an aim to challenge and expand what you already know.

We also ask that you watch Max's TEDx talk, Breathe to Heal, on YouTube.

The purpose of this preparatory work is so that when the training begins, you will already be familiar with and accustomed to some of Max's breathing exercises. This will save time in the training.

I've read and will meet the requirements.
